

Garden Crossings™

Since 2004, Heidi and Rod Grasman have been growing the annuals, perennials, shrubs, and vegetables you've come to love in our greenhouses in Zeeland, Michigan. As a Proven Winners Destination Garden Center, we are one of the only retailers in the U.S. who offers 100% of the Proven Winners® shrub and perennial lines as well as 90% of the Proven Winners® annuals. We ship nationwide and welcome you to visit our retail garden center here in Zeeland from spring through fall.

Unlike some larger nurseries and mail order companies, Garden Crossings is solely owned and operated by our family. We grow almost everything we sell ourselves and partner with a few select local growers in West Michigan for some specialty items. We inspect every plant before it reaches your garden to ensure you receive excellent quality plants every time.

We take pride in growing the Proven Winners® brand and want our customers to be able to walk through a 'living catalog' here at our garden center. We have greatly expanded our gardens over the last four years to showcase as many of the Proven Winners® annuals, perennials, and shrubs as we are able. This allows us to trial and test the plants before we recommend them to you and gives you the ability to see the mature plants in a garden setting. There is something beautiful to see in every season at Garden Crossings. We look forward to welcoming you to our Proven Winners Signature Garden and Destination Garden Center this year!

"We are honored to be designated a Proven Winners Signature Garden. We have stood behind the brand from the day we opened and could not be prouder than to recommend Proven Winners® to our customers. We look forward to bringing guests years of beauty in our Proven Winners Signature Garden." **Heidi Grasman**

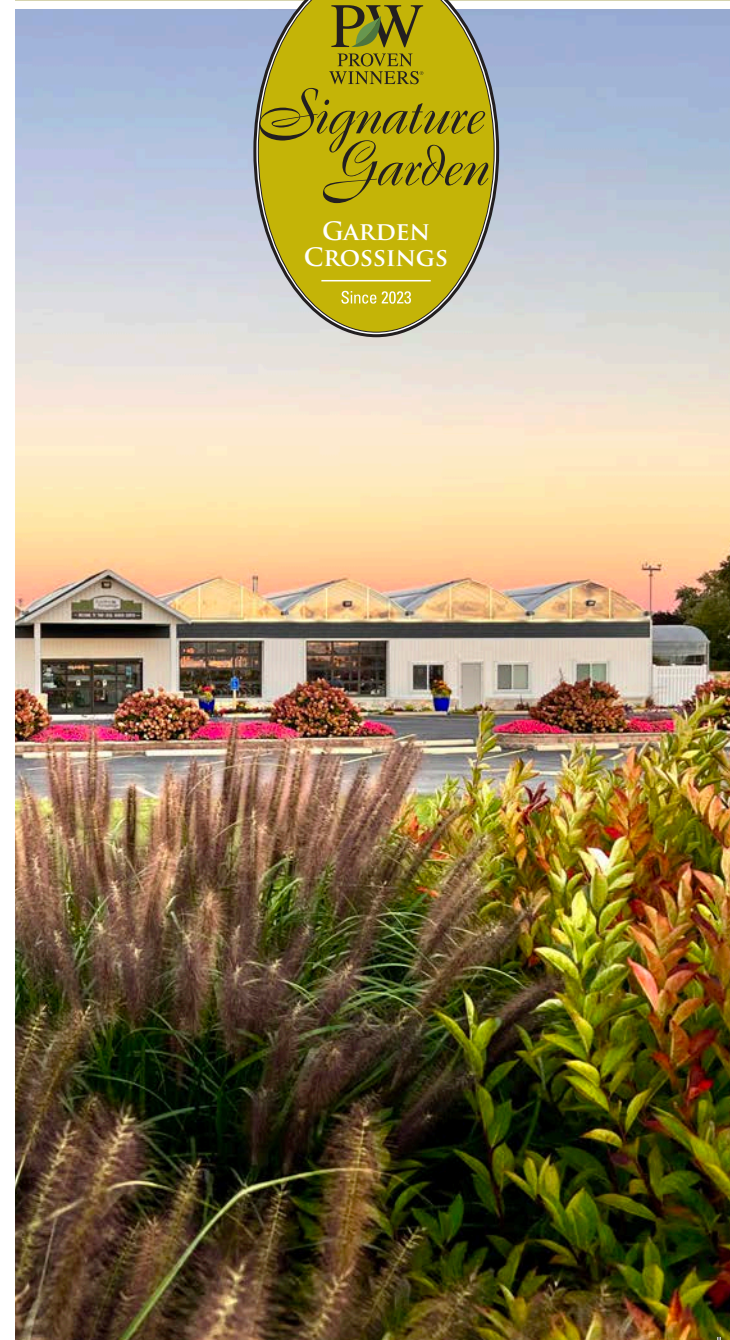

"My passion for gardening was planted at a young age, when I helped my grandmother in her flower garden. This passion grew into a lifelong journey where I met my gardening community. This community includes industry professionals, great customers, wonderful employees, and my loving and supportive family. I chose Proven Winners® plants from the start over 20 years ago. Today I am honored that Garden Crossings has been designated as the first Proven Winners Signature Garden located at a retail Garden Center. Through this journey I have made many lifelong friends and it has become clear that gardening is truly a connection between nature and each other." **Rod Grasman**
