

Creekside Nursery, Inc. is a family owned and operated business located on 8.5 acres of serene countryside just outside of Dallas, NC. Creekside is a Proven Winners' Certified Garden Center and proudly offers the largest selection of Proven Winners' plants in the region. We specialize in meeting people wherever they are in their gardening journey, whether you have a self-proclaimed black thumb or have been gardening for many years. It is our mission to help you grow, bloom, and thrive both in your garden and in life!

We are honored to be chosen as one of the few Proven Winners Signature Gardens located in the south! Gardening in the south offers plenty of challenges whether it is our heavy clay soil, long growing season, or the often oppressive heat & humidity of summertime. We are excited to not only create but share a gorgeous Signature Garden that embraces gardening in the south.

In addition to the Nursery and Garden center, Creekside Nursery offers additional services:

- *Consultations* - We have trained staff to help you select the best plants for your space, and we are happy to help you as you shop.
- *Landscape planning* - We will work with you to create a plan that is both beautiful and functional for your space, provide you with the necessary materials, and then you go home and put the plan into action.
- *Design and full installation* - We offer full landscape installations for those who wish for us to do all of the hard work.

Meet the Owners

We are Jerry and Jenny Simpson, and we are the proud founders and owners of Creekside Nursery, Inc. Creekside truly is a family business as our three children are heavily involved in the operations of the nursery, and you will most certainly meet at least one of them when you come to visit.

We began Creekside in 2005 with a small vegetable garden and selling our produce at our local farmer's market. As both our family and the business grew, we slowly transitioned from produce to growing plants exclusively in 2011. In the following years we grew Creekside into the destination garden center that it is today.

Whether you live just around the corner or miles away, we are excited to have you visit Creekside Nursery! The nursery is an extension of our home, and we are honored that you stopped by to say hello.
