

Mission Point Resort, located on the sunrise side of Mackinac Island, transcends time; from the moment you step off the ferry, there's an instant sense of nostalgia, where no cars or worries are allowed. Just as you notice the glistening waters steadfast to the horizon, you're warmly greeted by friendly staff who welcome all. Nestled along the water's edge, just outside from the hustle and bustle of downtown Mackinac Island, sits Mission Point's 18 acres of unmatched tranquility - inviting guests and visitors to reconnect with themselves, their passions and their surroundings through extraordinary Mackinac Island experiences. A place so special, you have to get a ferry to get there.

Mackinac Island is known as the Crown Jewel of the Great Lakes; it is one of the most visited places in all of Michigan and one of the top tourist destinations in the United States. Upon stepping onto the island shores, guests are transported back in time to a bygone era, where the automobile never replaced the horse and carriage and time moves a bit slower. Mackinac Island is an incredible place for garden enthusiasts and Mission Point Resort is home to 18 acres of beautifully landscaped waterfront property. The resort is widely known for its endless array of blooms throughout the season thanks in large part to Proven Winners® plants. You'll see daffodils and tulips in the spring, Supertunia® petunias and 'Limelight' hydrangeas in peak summer, and mums in the fall. The gardens transform into a new and unique color palette each season.

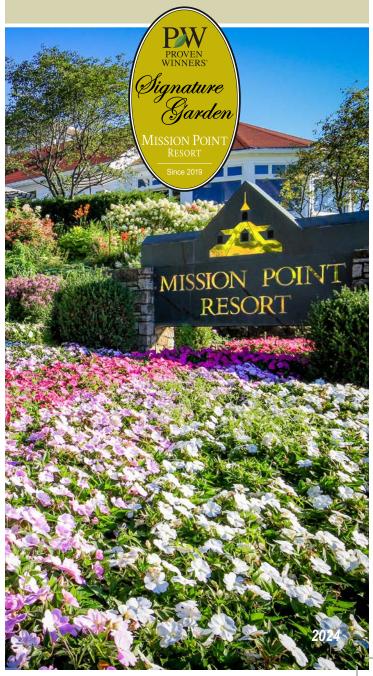

This season's beautiful gardens were designed by Mission Point Resort's Grounds Manager, Matt Fehrenbach.

For more information about all of the gardens in the Proven Winners[®] Signarure Garden Program, please visit **ProvenWinnersPros.ProvenWinners.com**
